## ALFRA WIRING DUCT CUTTING DEVICE – VKS 125

MADE IN GERMANY BY ALFRA

**Cuts wiring ducts exactly and easily and covers up to 125 mm width in seconds.**

Fastening tabs are on the tool as well as on the length stop for easy assembly on the work bench.

The VKS 125 is provided with a spring knife protection, which covers the knife when not in use.

- hand lever operation
- burr-free cutting without loss
- exact 90°-angle cutting
- less force applied when cutting
- length stop 1000 mm, metric and inches
- knife can be resharpened
- maintenance free
- easy assembly on the work bench

**„...never again plastic chips and never again deburring!“**

Standard version, complete with length stop  
Spare knife for VKS 125
